

RT-1000 Resistivity Humidity Temperature, Meter and Accessories

Ohm-Stat™ RT-1000 meter (resistivity, humidity, and temperature)

- Measures resistivity, resistance (RTT and RTG)
- Volume Resistance
- Measures temperature and humidity
- High impact traveling case included
- LCD digital display
- External 2 five pound weight probes included
- Built in internal parallel resistivity probes included
- Chair and smock probes included
- Measures at 10 and 100 volts
- NIST and CE mark included
- Ground tester included
- Made in US warranty included

Ohm-Stat™ MP-6533/FP-1745 Footwear Personnel Tester

- Metal hand probe included
- Stainless steel footplate to test shoes, person, chairs
- Measures body resistance through shoes and human body
- Measure resistance through shoes to plate
- NIST included
- Calibration certificate included
- Works with RT-1000 and most high quality meters with two external jacks

Ohm-Stat™ MP-1234 miniature probes

- Two miniature conductive rubber external probes
- One shielded BNC coaxial molded cable with gold center pin
- Two female banana jacks to fit any high quality resistance/resistivity meters such as Static Solutions Ohm-Stat™ RT-1000 meter
- NIST included
- Made in USA and UL listed
- Calibration certificate included
- Will measure resistance of all small surfaces according to ESD S11.11
- Replaceable probes
- Conforms to all EOS and CE test procedures

Ohm-Stat™ CP-1111 cocentric ring probe

- Made from conductive rubber shore 50-60
- Two cocentric rings will measure surface resistivity
- Five pound weighted probe coated with insulative paint
- Calibrated
- Made in USA
- Warranty
- Value priced
- Will work with all high performance meters i.e. RT-1000
- Test according to ESD S11.11 and ESD S11.12

Ohm-Stat™ RP-4323 resistance probes

- Two (2) five pound probes
- Coated with insulative paint (not dissipative PVC sleeves)
- Conductive rubber, durometer 50-60 Shore A scale
- Easy to carry insulative handles
- Made in USA
- NIST Certificate
- Conforms to EOS/ESD standards
- Will work with all high quality cables
- Use for resistance testing of floors, work surfaces, floor mats, paints and floor finishes

Ohm-Stat™ GT-4872 ground/circuit tester

- Tests ground for all 110 volt electrical circuits
- Will determine the correctness of all electrical grounds
- Easy to use LED lights
- Warranty
- Low cost for EOS 20/20-2007 protection
- Identify electrical problems
- Test according to EOS/ESD 6.1

GC-5621 Garment Clips

- Measure resistance of ESD garments
- Stainless steel surface areas
- Tests according to ESD-STM2.1-1997
- Use with Ohm-Stat RT-1000 resistivity meter
- Made in USA
- One year warranty

Warranty: Static Solutions expressly warrants that for a period of 1 year from the date of purchase any Static Solutions product will be free of defects in materials and will function within its specifications. Within the warranty period, the product will be repaired or replaced at Static Solutions option with no cost to the customer as long as Static Solutions receives notice during the warranty period. Defective products must be shipped prepaid to Static Solutions, Inc.'s factory. Call Static Solutions customer service at 978.310.7251 for a return authorization number. Include a copy of the invoice, packing slip, or other proof of purchase.

Warranty Exclusion: The foregoing express warranty is made in lieu of other product warranties express and implied, including merchantability and fitness for a particular purpose which are specifically or indirectly dis-claimed. The express warranty will not apply to defects or damage due to neglect, misuse, accidents, alterations, operator error, failure to properly maintain, follow instruction, or failure to clean or repair products.

Limit of Warranty: In no event will Static Solutions or seller be responsible or liable for special, incidental or consequential losses or damages, whether based on contract or the use of or inability to use the product. Before using the product users shall determine the suitability of the product for their intended use. The users assume all risk and liability whatsoever in connection therewith. Fulfillment of Static Solutions warranty obligations will be the customer's exclusive remedy and Static Solutions and seller's limit of liability for any breach of warranty or otherwise.
